 Darkoper   LEETCODE   PORTFOLIO   Piyush Mishra

Objective:
Full Stack Developer with hands-on experience in MERN stack and Spring Boot, specializing in building scalable B2B web applications and RESTful APIs. Passionate about leveraging technology to solve complex business problems in e-commerce and supply chain domains..

SKILLS

- **Languages:** C++,JavaScript (ES6+), TypeScript, C
- **Backend:** Node.js, Express.js, RESTful APIs, Microservices Architecture
- **Frontend:** React.js, Next.js, HTML5, CSS3, Responsive Design
- **Databases:** MongoDB, PostgreSQL, MySQL
- **Tools & Platforms:** Git/GitHub, NPM, Postman
- **Cloud & Deployment**: VPS Server Management, Linux

DSA & COMPETITIVE PROGRAMMING

- Solved 300+ problems across platforms like LeetCode, CodeChef, and GeeksforGeeks.
- Strong understanding of core data structures: Arrays, Strings, Trees, Stacks.
- Participated in Codeforces contests and achieved Rank 415/40000 in CodeChef Long Challenge.

EDUCATION   *CGPA*: **8.4**

Computer Science Engineering | JIMS ENGINEERING MANAGEMENT TECHNICAL CAMPUS GGSIPU *2022-26*

EXPERIENCE

- **Full Stack Developer Intern| JNU (Evolvesphere Newblock AI), Delhi**   *Oct 2024 – April 2025*
  Developed and integrated RESTful APIs using the MERN stack and Next.js while collaborating with a cross-functional team of 5 developers through Git workflows. Contributed to "Live Loud," a production web application, focusing on backend API design and seamless frontend integration.
- **Backend Developer Intern | Dot Devz Consulting, Noida**   *April 2025 – Aug 2025*
  Built and deployed 3+ full-stack MERN applications on VPS servers with a focus on scalability and performance optimization. Implemented secure user management systems featuring JWT authentication and password encryption to ensure data security and reliability.
- **Software Developer | Stirring Minds ,Delhi**   *Aug 2025 – Present*
  Developing scalable full-stack applications using modern frameworks and RESTful APIs, with backend microservices optimized to support 500+ concurrent users. Working collaboratively with cross-functional teams to deliver responsive, user-friendly interfaces that enhance overall user experience.

PROJECTS

PIXELSYNC — **React.js, MongoDB, Express, Node.js, Express.js**
Developed full-stack collaborative whiteboard application using MERN stack with HTML5 Canvas, enabling real-time drawing and collaboration for **100+ concurrent users.**

INVOICELY— **Next.js , TypeScript, PostgreSql, Node.js, Express.js**
Full stack open source full stack application using to generate good understandable invoices contributed in backend authentication using jwt tokens and encryption of the password

PLAY-PERKS — **React.js, Motion, GreenSock**
Developed a responsive static gaming website focused on frontend design, featuring smooth animations and interactive scrolling effects using GSAP and ScrollTrigger. Built with modern UI components and optimized for performance.

REAL TIME TRACKER— **Express,Leaflet maps, Node.js, socket.io**
Built a real time tracking system in which user can tracker track anyone's location who is present on the screen with real-time.

CLEAN— **Next.js, Python, FAST API**
Developed a hate-speech detector which used to detect weather the reel/shorts having a hate speech in it .

POSITION OF RESPONSIBILITY

- **Co-Head Technical Team | Technical Society, JIMS Gr. Noida**   *(Feb 2024 - Present)*
  As Co-Head of the Technical Society, I led the development of event websites, managed online registrations, handled technical infrastructure for events, and contributed to the society's digital content creation

HACKATHONS AND ACHIEVEMENTS

- **Winner**, *Web-a-thon* – JIMS Engineering Management Technical Campus, 2025
- **Winner**, *Global Idea-thon* – JIMS Engineering Management Technical Campus, 2025
- **2nd Place**, *National Hackathon* – Delhi Technological University (DTU), 2024
- **Finalist**, *National Hackathon* – Indian Institute of Technology (IIT) Delhi, 2024

EXTRA CURRICULAR ACTIVITIES

- **Open Source**: Active contributor to React.js and web development repositories on GitHub.
- **Rugby (National-Level Player)**: Represented Delhi in the National Div-3 Championship (**Gold Medalist**), and Div-2 (**2nd Runner-up**)
